## TECHNICAL DATA SHEET

### PRODUCT DESCRIPTION:-

NEROVAK Ultra Shine Polishing Powder is a professional choice wet polish designed specifically for natural stones. Its unique formula delivers superior clarity and a deep, glossy shine that brings out the natural beauty of your stone surfaces. This polishing powder is formulated for wet polishing applications, ensuring an effortless and efficient process. It offers ample coverage for your polishing needs. Achieve a flawless, mirror-like finish on your natural stone surfaces. NEROVAK Ultra clear Polishing Powder for Marble and Terrazzo is a superior wet polishing powder that delivers a high shine and dazzling gleam. Formulated for terrazzo and calcite-based stones, this polishing powder will not etch surfaces with splatter.

- **SUPERIOR POLISHING POWDER:** NEROVAK Ultra clear polishing powder designed for wet polishing all natural stones.
- **ULTRA -FINE CLARITY:** The ultra -clear powder particles provide superior clarity and gloss to the polished surface.
- **PROFESSIONAL GRADE:** This powder is formulated for professional use and delivers deep, reflective shine.
- **VERSATILE APPLICATION:** Suitable for use on marble, limestone, travertine, and other calcite stones.
- **CONVENIENT SIZING:** Available in 1 kg, 2 kg and 5 kg for your polishing needs.

### Application process :-

**Surface Prep:** Ensure the marble is entirely free of soil and pre -existing sealers by sweeping and wiping down the area with a pH -neutral cleaner.

**Protect Surrounding Areas:** If you are working on a countertop, mask off cabinetry, sinks, and walls to avoid splatters.

**Mix and Spread:** Put the powder in the center, add a tiny splash of water, and place the polishing pad directly on top.

**Buffing Process:** Start your polisher on a very slow setting and spread the paste evenly. Apply steady, light downward pressure and move systematically across the stone. As you work, you can add small amounts of water to maintain a wet, thick paste without splashing.

**Final Wipe & Buff:** Once the mirror -like shine is achieved, stop the machine. Use a damp microfiber cloth to remove all leftover slurry. Buff dry with a soft towel for a streak -free reflection.

### SHELF LIFE & STORAGE:-

NEROVAK Ultra shine polishing powder typically has a **shelf life of 24 months** under optimal, climate controlled conditions when stored unopened in its original container from date of manufacturing. keep away from sunlight exposure.
